

DO YOU WANT TO LEARN MORE ABOUT YOUR YOUNG CHILD'S DEVELOPMENT?

We can help.

We are looking for parents/guardians of young children to help us with a research study!

Participation includes completing various assessments, receiving free psychological reports on your child's development, and a thank-you stipend.

- Contribute to valuable child development research
- Obtain written reports of your child's behavioral and academic progress
- Receive compensation for your time

Children must be **3- to 5-years-old** and **typically developing** (not at-risk for ADHD or an autism spectrum disorder or other behavioral/emotional difficulties).

If you would like to learn more about the **CAP Project**, or to enroll in this study, please contact us at **610-758-5270** or **inpeak@lehigh.edu**.
